25 – MILE	40 – MILE	50 – MILE
------------------	------------------	------------------

\$20 discount for EDRA members. Youth ride free.

This ride is limited entry due to parking. You must be pre-registered.

Rail Trail is a simple ride on a simple old railroad bed, located on the Columbia Plateau Trail near Sprague WA. It is decidedly boring being straight and flat. The footing is perfect for early season training with various sized gravel throughout the entire ride with no mud. Hoof protection strongly recommended.

You'll pass through Turnbull National Wildlife Refuge, which is only accessible on horseback on the Rail Road. You'll see very pretty ponds, lakes and rock formations.

See website www.equinedistanceriding.com for more info as it becomes available.
